Note to TWG Members:

The Table below is intended as a summary of group discussions during the TWG meeting of 11/14/06, during which the TWG identified options to be recommended to the Climate Change Advisory Committee (CCAC) as being high priority for further elaboration and analysis. Numbers in parentheses in the first column of the table below refer to Option numbers from the Residential, Commercial and Industrial memo on “Consolidation of Catalog of Montana RCI Options”, which in return refers back to the TWG’s “Catalog of State-Level GHG Reduction Policy Options” (both of which are available on http://www.mtclimatechange.us/Residential_Commercial.cfm under the documents for the 11/14 call).

Please look over the Table, and let us know if your recollection of the TWG decisions is different than what is shown. Also noted in the Table are the names of those who have volunteered to work with others on preparing text to produce a Mitigation Options Description for one or more high priority options. For those who have not yet had a chance to volunteer, please let the CCS facilitators know which options you would like to work on. (For those who have volunteered already, Thanks! And please feel free to volunteer to work on additional options, if you are so inclined.) A copy of the general template for the Descriptions is provided following the Table.

A version of the Table below with TWG members’ selections as to which options they would like to work on will be provided to the CCAC for their consideration at their meeting on December 14.

**Residential, Commercial and Industrial Technical Work Group
Summary List of Recommended High Priority Mitigation Options**

#	Mitigation Option Name	Preliminary List of Drafting Volunteers
RCI-1 (old A.1)	Demand Side Management Programs, Efficiency Funds and Requirements	Terry Holzer, Steve Loken, Dave Ryan, Krista Partridge.
RCI-2 (old A.2)	Market Transformation and Technology Development Programs	(Same as RCI-1)
RCI-3 (old B.1)	State Level Appliance Efficiency Standards and State Support for Improved Federal Standards	Brian Green

RCI-4 (old C.1)	Building Energy Codes	Andy Epple, Brian Green, Lisa Peterson
RCI-5 (old C.2)	“Beyond Code” Building Design Incentives and Mandatory Programs	Terry Holzer, Steve Loken, Andy Epple
RCI-6 (old D.1)	Consumer Education Programs	Dave Ryan, Krista Partridge, Terry Holzer
RCI-7 (old F.1)	Support for Implementation of Clean Combined Heat and Power	Dave Ryan, Steve Loken
RCI-8 (old F.2)	Support for Renewable Energy Applications	Pat Judge, Dave Ryan, Eric Merchant
RCI-9 (old G.5)	Carbon Tax	Pat Judge, Eric Merchant, Terry Holzer, Jeff Chaffee
RCI-10 (old H.1)	Industrial Energy Audits and Recommended Measure Implementation	Dave Ryan
RCI-11 (old H.2)	Low income energy efficiency programs	Dave Ryan, Terry Holzer

[MITIGATION OPTIONS DESCRIPTION TEMPLATE TO BE COMPLETED FOR EACH HIGH PRIORITY MITIGATION OPTION, STARTING WITH THE “DESIGN” AND “DESCRIPTION” ELEMENTS]
