

Transportation and Land Use Technical Work Group Teleconference Meeting #6

February 7, 2007

Agenda

1. Introductions and Roll Call
2. Review and Approval of Call #5 Meeting Summary
3. GHG Inventory and Forecast: VMT Forecast Options
4. Review TLU Policy Options and Proposed “Volunteers”
5. Review Sample Policy Options and TLU Draft Policy Options
6. Next Steps for Development of “Straw Proposal” Options
7. Next TWG Call/Meeting
8. Public Input and Announcements

2. Review and Approval of Call # 5 Meeting Summary

- Please refer to document titled “Draft Meeting Summary”
- Discuss any proposed edits, changes, and additions

3. GHG Inventory and Forecast: VMT Forecast Options

- Please refer to document titled “Options for GHG Emissions Forecasting in Montana’s TLU Sector”
- Review WRAP-based VMT projections included in Draft Inventory & Forecast document
- Discuss other options for AEO 2006 based forecast, adjusted AEO option, and adjusted WRAP option
- Discuss other options, including proposal for VMT forecast from Montana Department of Transportation
- Decide on final recommendation to CCAC

4. Review TLU Policy Options and Proposed “Volunteers”

- Please refer to document titled “TLU Draft Policy Options”
- Review list of 13 TLU Policy Options and process that resulted in this list
- Discuss proposed TWG members for developing “straw proposal” options.

CCAC TLU Policy Options

- TLU – 1: Light Duty Vehicle GHG Emissions Standards
- TLU—2: Fuel Efficient Tires
- TLU—3: MPG Consumer Information
- TLU – 4: Financial and Market Incentives for Low GHG Vehicle Ownership and Use
- TLU – 5: Growth and Development Bundle
- TLU – 6: Alternative Fuels Bundle

CCAC TLU Policy Options

- TLU – 7: Heavy Duty Vehicle Emissions Standards and Incentives
- TLU – 8: Truck Anti-Idling and Truck-stop Docking and Electrification
- TLU – 9: Procurement of Efficient Fleet Vehicles
- TLU – 10: Transportation System Management
- TLU – 11: Vehicle Backhauling Reduction
- TLU – 12: GHG Emissions Reductions from Off-Road Engines and Vehicles
- TLU – 13: Reduced GHG Emissions from Aviation

5. Review Sample Policy Options and TLU Draft Policy Options

- Please refer to document titled “Sample Policy Options” – this gives illustrations of next steps in developing options
- Please refer again to “TLU Draft Policy Options” for discussion
- Review draft Policy Descriptions
- Discuss next section to be developed: “Policy Design”

6. Next Steps for Development of “Straw Proposal” Options

- Volunteers to assume responsibility for drafting policy design language.
- Volunteers may meet in ‘small groups’ to discuss and jointly draft language.
- Volunteers will provide draft language for full TWG discussion at next meeting.

7. Next TWG Call/Meeting

- Agenda:
 - Review policy design straw proposals provided by TWG members
 - Discuss and revise policy option straw proposals for recommendation to CCAC as needed
- Date: (*tentative*) in-person meeting in Helena on Feb. 28 prior to Mar. 1 CCAC meeting
 - Would also have call-in option

8. Public Input, Announcements
